

SOUTH CAROLINA STAR
Bonus Pattern from
The S.C. Quilt History Project.

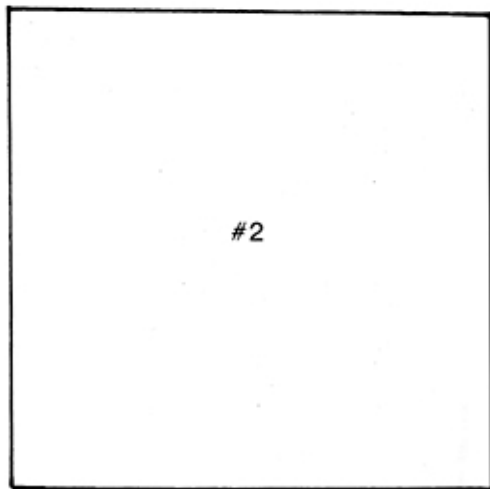

Stars are versatile designs that can be changed in a thousand ways — see Laurel Horton's interesting arrangement of the Sawtooth Star on p.34. This pattern is one of the many variations of the Variable Star. For different effects try several shades of scrap, turn the Star on the diagonal, or set it edge-to-edge with no sashes.

For each block cut:

- 8 dark #1
- 8 light #1
- 5 white #2
- 20 medium #3
- 20 white #4
